The Cloud Digital Leader training offers a comprehensive series of courses that will lay a solid foundation for understanding cloud technology, data, AI/ML, and how these play a pivotal role in digital transformation through Google Cloud products and services. **This program can prepare you to take the Google Cloud Digital Leader certification exam administered by Google Cloud.**

This program is designed to empower you and your team(s) to effectively participate in and contribute to cloud-centric business efforts across your organization. It is ideal for IT professionals, data scientists, software engineers, project managers, decision-makers, leaders, and those seeking the certification.

The program explores various core areas, including general cloud and Google Cloud know-how, modernizing company IT infrastructure and applications, and evoking digital transformation through data and AI/ML.
